## EXERCISE DESCRIPTION

**Prelude:** language animation Serbian/French/German

Phase 1) one minute to gather approximately 10 different random objects

Phase 2) introduction of the words: show a drawing (screen share)

Phase 3) the team gives 2 players a word (an action), these persons will have to mime, with one of the gathered objects and creativity, the action given. Everyone turns the camera off.

The persons have 10 seconds to get ready. After the 10 sec, they turn their camera on and the first person who guess the word in one of the languages (not his/her own) has to turn his/her camera on, to be able to be seen by everyone.

The next round starts when all the translations have been found first person to have guessed the word, will be playing next.  
Creativity is the key!
